Anti-Bullying Support

November 2023

CORE Education Trust

Dear parents and carers,

Arena Academy is an Anti-Bullying School. We are committed to ensuring our students feel happy, safe, respected and able to thrive while at school.

Bullying will not be tolerated and if bullying occurs, we have a number of routes available to students and parents.

This leaflet compiles a number of resources for both parents and children. Outlined in this document are the measures we can take within school to tackle bullying. Additionally, you will find the details of several organisations that can provide networks of support for both students and parents outside of school.

Listed below are the different routes available to students and parents to tackle bullying at Arena Academy.

Whisper

Whisper is an anonymous tool students can use to reach out for support or raise any issues they have.

Year Group Co-Ordinators

Students can speak to their year group co-ordinators if they are being bullied or concerned that another student is a victim of bullying. Year group co-ordinators are support staff members who are available to provide, support, advice and guidance to any student that requires help regarding bullying or other concerns.

Form Tutors, Subject Teachers and Lunchtime Supervisors

Every member of staff has been trained to help a student who is experiencing bullying. Students are encouraged to reach out to any member of staff they feel comfortable with if they or another student are being bullied.

Bullying Intervention Group

Students can speak in confidence to a student from the Bullying Intervention Group, who work with key staff to support our efforts to eradicate bullying.

In addition, there are a number of external sources which offer help.
