Book Title: Red Queen

Author: Victoria Aveyard

NARRATIVE: (What's the story?)

The story is about a young girl called Mare Barrow who wants to make the world a better place. There are two types of blood. The red bloods are poor with no magical powers whereas the silver bloods are rich with magical powers. They also control the red bloods. Mare has red blood, but for some reason... she also has magical powers.

STRENGTHS: (What did you like?)

I loved the backstory of the characters, and I loved how the author made the main character of her story different to everyone else! The author used her imagination and created a whole new world and story different to others.

WEAKNESSES: (What did you not like?)

There was not really anything that I didn't like except for the fact that the author left the story on a cliff hanger. I don't like cliff hangers, but I guess that is what makes me wonder about what will happen next!

FINAL THOUGHTS:

I love this book series. It's my kind of fantasy.

WOULD YOU RECOMMEND THIS BOOK? YES!
