

Your Name: Amrit (Year 8)

Book Title: Simon vs. The Homo Sapiens Agenda

Author: Becky Albertalli

**ARENA
ACADEMY**

NARRATIVE: (What's the story?)

This book is about a boy called Simon who gets emails from an unknown person at his school. They begin a close relationship until Martin gets a hold of their secret email conversations. Simon doesn't want the school to find out he is gay, so he must help Martin get a date with his friend.

STRENGTHS: (What did you like?)

I liked how Simon finally admitted he was gay and got a boyfriend. I also loved Simon's goofy family! Simon really deserved his happy ending.

WEAKNESSES: (What did you not like?)

I didn't like how ***(spoiler alert)***** was blackmailing Simon. He shouldn't have taken pictures of the emails. The character was wrong to do that.**

FINAL THOUGHTS:

This was a great book, and you should read it!

WOULD YOU RECOMMEND THIS BOOK? Yes.
